Objects to Congressional Action Warning Americans Off Belliggrent Ships.

(By Associated Press.)

Washington, Feb. 25.-President Wilson today reiterated his opposition to congressional action on warning Americans off armed ships while in charged with fomenting conference with Speaker Clark, House es as members of the Labor Na., Leader Kitchin and chairman Floor of the house foreign affairs committee. They told President Wilson if such resolution were broughte up in th the house it would pass 2 to 1. Kitchin said nothing would be done today, but he could not promise for the future. Speaker Clark said he had heard a rumor that Germany was contemplating postponement of the new submarine campaign until April 1.

Senator Lodge (Republican) declared in a statement that he was in full accord with President Wilson's giews as expressed in a letter to Sen-I ator Stone, and that he would stand

# Engines

A new feature of our business is the Gasoline Engine Department. This department is under the direct supervision of Mr. Henry Schovajsa, an authority on engines.

We carry all sizes of engines, from 1 1-2 h. p. for pumping purposes to the 12 h. p. engines. The 3 h. p. gasoline engine is especially adapted to many uses on the farm, such as feed grinding, pumping water, sawing wood and many other things possible to an ingenious farmer. For the heavier work the 5 h. p. is desirable. For convenience we mount these engines on small trucks at a small additional expense.

Gasoline engines make for better conditions of living on the farm.

We sell the Hercules engine. You should see this line and get our prices before deciding to buy.
